III. Reviews

★★★★★ **Love these**, June 9, 2013

By [Toaster](#) - [See all my reviews](#)

Amazon Verified Purchase ([What's this?](#))

This review is from: Keeble Outlets Kitchen Dish Towels, White With Royal Blue Stripe, 25.5 inches by 14.5 inches, Professional Grade 24 Ounce Tea Towel, Pack of 12 (Misc.)

I worked in the restaurant business for over 20 years, as a bartender I used towels similar to these. I expected them to be standard bar towel size but they are about half as big as those. However, this is a perfect kitchen towel size. Nice looking, nothing fancy but super functional and absorbent. Great foundation piece for a busy kitchen.

★★★★★ **Great Towel**, May 3, 2013

By [Flat Bread](#) - [See all my reviews](#)

This review is from: Keeble Outlets Kitchen Dish Towels, White With Royal Blue Stripe, 25.5 inches by 14.5 inches, Professional Grade 24 Ounce Tea Towel, Pack of 12 (Misc.)

As odd as it may seem I was actually impressed by this towel. I pretty much purchased it at random but when i received the towel i was impressed at its construction. I have only washed them a few times but so far they have held up really well. I though for sure the blue strip would fade after a good bleach bath but it stayed the same color and looked new again.

IV. Description

Product Description

Amazon.com

Keeble Outlets 24-Ounce 100% Cotton Dish Towels with Herringbone Design, Pack of 12

Why should any kitchen or any cook be equipped with dish towels that disintegrate after only a few washes, or shrink so much they start to more closely resemble a dish rag? Simple - you want kitchen towels that last, are absorbent enough to dry dishes quickly and don't leave lint all over plates and glasses. You always hear "Use the right tools for the job." Well, these Keeble Kitchen Towels are the right tools, whether you are running a large professional kitchen or, like most of us, the family kitchen! Typical retail towels might work well for simply matching the décor of a kitchen, but they really aren't designed to get the job done time after time. Don't take any chances with lower quality towels. The saying "you get what you pay for" is always so true!

Constructed of 24-ounce (commercial weight) higher density cotton, these towels are washed at high temperatures with bleach agents to ensure minimal shrinkage. They feature a herringbone design to improve absorbency, and each one measures approximately 26 inches by 14.5 inches. The towels are also available in a larger [26-ounce, 26-by-15-inch size](#), which is sold in packs of 6.

V. Questions

Customer Questions & Answers

Q: How many towels? 12?

A: Yes 12.

[See all 2 answers](#)

Q: Do these work well as kitchen hand towels...for drying hands rather than drying dishes? I'm editing this to make my question a little more...

A: I expect that they will be great kitchen hand towels. I'm giving them to a friend as a gift, but I have washed them. They seem absorbent and soft....

Q: Are these Clorox Freshcare brand towels?

A: I don't think so...
